Presented by

Ret. Lt Michael Wilbur

FDNY

Emergency Vehicle Operations

This presentation will provide a pictorial review of emergency vehicle accidents and their causative factors. Subjects covered include DUI, railroad safety, response policies, intersection safety, rural apparatus driving, leadership and maintenance. As we review the anatomy of a rollover accident we will discuss tactics to consider when the apparatus leaves the roadway on a curve and successful ways in which to recover.

Aerial Ladder Placement and Operation

Training will be conducted on the proper placement and operation of aerial devices. Topics covered will be the characteristics and operating features of rear-mount, platform and quint apparatus. Special emphasis will be made on truck company placement for various types of occupancies, rescue and life safety strategies and tactical work of quint apparatus. Finally, strategies and tactics will be discussed in the operation and proper positioning of aerial ladders and to be successfully deployed at the scene of fire and technical rescues. This will allow operators to maximize the use of the expensive yet under utilized pieces of apparatus.

Lt. Mike Wilbur

BIO

MICHAEL WILBUR

Mike Wilbur has been a volunteer firefighter for over 40 years and a career firefighter with the New York City Fire Department for 32 years, retiring in 2013. In the New York City Fire Department Mike was assigned to Ladder Company 56 for 15 years, 8 years as an apparatus operator. In 1995 he was promoted to the rank of Lt. and was assigned to Ladder Company 27 in the Bronx. Lt. Wilbur also served on the FDNY apparatus purchasing committee, and has given state certification to the FDNY chauffeurs school.

Mike is a contributing editor for Firehouse Magazine and Fire Apparatus Journal. He has served on the IFSTA validation committees for the Apparatus Operator and Aerial Operator Manuals. Mike also has served on the United States Fire Administration committee on Safe Operation of Fire Tankers and Emergency Vehicle Safety Initiative.

Lt. Wilbur is nationally recognized in Emergency Vehicle Operations, Apparatus Placement and Purchasing. For more information go to www.emergencyvehicleresponse.com
