\*\*\*\*\*  
In an effort to increase the number of AEMT RTPs available in the Lakes Region we have aligned three courses. All three of these programs will be run individually but by working together we have the opportunity to offer 'Make-up' classes in other programs. The new NCCP recertification process is very prescriptive and we hope by working together we will meet the EMS needs of our region. It is our goal to continue to improve our collaboration efforts.

*\*\*All make up scheduling should be approved by the lead instructor of the course you sign up for.*
