### **Ahhh the Dreaded Rapid Intervention Assignment - "Beyond the Textbook!" (ALL LEVELS)**

Progressive RIT can reduce fireground injuries and fatalities long before a Mayday is declared. Are your firefighters dreading the assignment of RIT? The fireground is no place for a complacent Rapid Intervention Team. If they are just leaning against the bumper are they really ready? Let FETC provide them with greater knowledge and real world experiences that can create a more positive and safer fireground! Class will review: Hi-Profile LODD's, National Standards Review of NFPA and OSHA's 2-in 2-out, RIT Statistics, The RIT Officer's Risk Analysis, Fire Ground Operational Considerations for Maximum Utilization of your RIT, EDS - Emergency Distress Signal monitoring, Empowering the RIT with policy, Manpower Requirements, Roles and Responsibilities of each RIT Member, Radio Communication Modeling and RIT Command ICS. Incredible Audio/Video and PowerPoint presentations.
